**Important information and notes:**

- a. The issuance of a Development Permit indicates only that the development to which the Development Permit relates is authorized in accordance with the provisions of the County of Stettler No. 6 Land Use Bylaw and does in no way relieve or excuse the Development Permit holder from obtaining any other permit (including safety codes permits e.g. building, electrical, gas, plumbing, etc.), license, or other authorization required by any Federal or Provincial Act or regulation, or under any Bylaw of the County, or complying with the conditions of any easement, covenant, agreement, or other instrument affecting the building or land. It remains the developer's or applicant's responsibility to ensure compliance with these matters.

- b. The Land Use Bylaw contains development standards and regulations that apply to but cannot be listed in this development permit due to limited space. These regulations address matters relating to many aspects of the approved development or use, such as access points, lines of sight, public safety setbacks, to mention a few. It is the applicant's or developer's responsibility to ensure that they are fully aware of all the applicable development standards and regulations in the Land Use Bylaw that may apply to the proposed development or use by contacting the County's Planning and Development department.
- c. The applicant/property owner is responsible for:
  - (i) making suitable arrangements with utility companies for provision of all services and/or necessary easements for utility rights-of-way.
  - (ii) notifying Alberta 1<sup>st</sup> Call at 1-800-242-3447 to arrange for field locating prior to construction, should any excavations be required near utility lines.
  - (iii) ensuring that the construction activity approved under this Development Permit is undertaken in a manner that does not cause a disturbance or damage to adjacent properties.
  - (iv) ensuring that permanent structures are located outside the 1:100 year flood plain of any body of water.
  - (v) ensuring that the development shall not disturb, affect or alter conditions of all utilities and appurtenances, drainage rights-of-way, utility rights-of-way and access rights-of-way, as they exist, over, under, or through the Lands.
  - (vi) ensuring that a 2meter separation is provided between the water table and footings for the buildings.
  - (vii) ensuring that the property is graded in such a manner that the rate and volume of surface runoff from storm water drainage does not exceed that which existed prior to the issuance of this Development Permit. Where an approved storm water management plan exists, the property must be graded in accordance with the storm water management plan.
  - (viii) ensuring the yard and buildings are maintained in a neat, tenable fashion, and all landscaped areas are kept trimmed and properly maintained, free of weeds and other noxious growth.
